Two Mount Students Go to Beijing!

Kathy Phillips '96 and Andrea Graybehl '97 joined 36,000 women from all over the world at the United Nations' Conference on Women, held in Beijing, China, September 4-15. Kathy and Andrea were the only two students representing a Southern California College, and the Mount was one of only ten colleges nationwide that sent student representatives to the conference.

Both students were able to participate in workshops exploring women's roles in religion, education, health, and human rights. They will disseminate information from the conference to other Mount students and interested individuals by holding on-campus workshops dealing with women's issues. Way to go!

Attention ISAE Students!

ISAE is currently accepting names for a drawing to choose ten students to attend Governor Pete Wilson's conference for women, **A Call to Action**, on **November 14**. Deputy District Attorney, Marcia Clark is this year's keynote speaker. All students interested in attending must confirm their attendance to the ISAE office with a $10 refundable deposit by **October 2**.

Stop the Raid on Student Aid

Did you know that Congress is considering reducing the national deficit by cutting federal student loans by as much as $10 billion? The government provides 75 percent of all financial aid for college. This type of congressional action can seriously hinder many students' ability to afford a college education. If you think cutting student aid is short-sighted and wrong, express your views to Congress! **Call 1-800-574-4AID** and you will be connected to your Congressional office. Be heard -- your call counts!

Submit items of interest to both Chalon and Doheny students to the public relations office "MSMC Front Page," box 116.

AMNESTY INTERNATIONAL URGENT APPEAL: Write a letter and help save a life! Tables will be around campus this week with information on how to write letters to help Father David Fernandez, a Jesuit priest in Mexico, whose life has been threatened.

Father Fernandez is a human rights activist who recently criticized the Mexican security forces for excessive violence and human rights abuses in Chiapas and Guerrero. Fr. Fernandez and the Jesuits' Center have been under surveillance by Mexican government security agencies, and their phones and faxes have been tapped. Since criticizing the security forces, Fr. Fernandez has received telephoned death threats, and it is feared that his life is in danger.

You can help by writing letters to Mexican officials urging Fr. Fernandez's protection. Look for Amnesty International tables around campus this week!

U.S. News and World Report Ranking

Once again, the Mount has been ranked in the 1996 *U.S. News and World Report* "Best Buys" issue, published September 25. Last year, MSMC was moved out of the category of "regional liberal arts college," where we were ranked among the top ten for the last seven years, to category of "regional university." The change in category, made by the Carnegie Commission, was based primarily on the increase in the number of graduate degrees MSMC awards each year.

Only the top 20 percent of institutions in the new and more competitive field of regional universities are considered for the magazine's "Best Buy" rankings. When researchers considered both quality and cost, MSMC was ranked in the **top ten "Best Buys" among regional universities in the West.**

One-Unit Classes Offered

The Mount is offering two one-unit classes for any students interested in race or political issues:

Int. 96. Culture, Race, and Communication

Correction

Please note a correction to the 9/22/95 issue of the Front Page article "Two Mount Students Go to Beijing!" which states that Kathy Phillips '96 and Andrea Graybehl '97 were the only two students representing a Southern California college at the Women's Conference in Beijing. Actually, Phillips and Graybehl were the only two students representing a Southern California college *within* the Public Leadership Education Network (PLEN). We apologize for any confusion this may have caused.

Submit items of interest to both Chalon and Doheny students to the public relations office "MSMC Front Page," box 116.

Items for Chalon students only should be sent to "Chalon Student News," box 52 or dropped off in H200. Items for Doheny students only should be dropped off in the "Doheny Happenings" box in Building 10. ***Deadline: noon, Monday*** *for publication the following Friday (Chalon)/Monday (Doheny).*

How May Affirmative Action Affect You?

For 30 years, affirmative action enjoyed bipartisan support as a fair and necessary policy promoting equal opportunity. Now affirmative action is under fire. The University of California Regents recently voted to eliminate all race and gender considerations in admissions by 1997. Other schools nationwide threaten to follow suit. What will become of higher education if affirmative action programs are dismantled?

Tim Wise, noted political analyst and writer, will address the confusion and misinformation hovering around this critical issue, on **Thursday, October 19**, from 11:00 am to 1:00 pm, in the Chalon campus Lecture Hall. The presentation is sponsored by ASB, AACW, APA, Latinas Unidas, Guam Club, and VSA; funding is provided by the Hewlett Grant Foundation. Marie Espe, Yoland Olmos, and Kimberly Revanseck were baptized into the Catholic Church as infants, but have had little further contact with Catholicism and are asking to be welcomed into the process of preparation for Confirmation and Eucharist. Sandra Hoevel, a member of our nursing faculty, was baptized in a Protestant tradition and is now asking to begin the process of preparation for becoming a Catholic. Join us in welcoming them into our community -- and remember to bring a sweater along if it's cold out that night!

Amnesty International Urgent Action Letter Writing this month is for a group of 17 young activists in Nigeria who have been held incommunicado for over a year. They have been beaten, locked up 24 hours a day in overcrowded and unsanitary cells, and denied much needed medical treatment or any access to lawyers or families. At least one of their number has died. All of these prisoners are members of MOSOP (Movement for the Survival of the Ogoni People), which works for ethnic autonomy and also for the protection of the environment in their part of Nigeria against damage by the oil companies. This organization is a frequent target of the Nigerian government, and its members have sometimes been tortured or jailed on false charges. You can help by writing letters on their behalf to government authorities in Nigeria. If you have not picked up information and an aerogram from the tables around campus this week, come by the Campus Ministry Office or get what you need after Mass this Sunday. *Don't forget to write and mail your letter!*

Dr. Marie Zeuthen

Five of the nine students presented research findings on the following subjects:

Jennifer Ahumada: Cholesterol Crystal Growth From a Dynamic and Static Solvent System. Research done at Mount St. Mary's College with Dr. Siebert.

Kristine Becker: Comparative Effects of Atrial Natriuretic Peptides on MSH Release. Research done at Mount St. Mary's College with Sr. Annette Bower.

Nohelia Canales: Histological Analysis of Mammary Glands in P-Cadherin Deficient Mice. Summer 1995 research studies done at University of Pennsylvania with Dr. Radice.

Leandrita Flores: Studies of Polyadenylated LACA Messenger RNA in E. Coli. Research done at Mount St, Mary's College with Dr. Kwan.

Edith E. Lesaca: Transforming Growth Factors-ß 1 Inhibits Cell Growth & Induces p21 (WAF-1) Expression in Human Squamous Carcinoma Cells. Summer 1995 research studies done at NIH, National Institute of Dental Research with Dr. Yeudall.

The presentations were a tremendous success. Attendees were interviewed by the MARC/NIGMS Program Director and various other personnel from the National Institutes of Health. Additionally, the attendees spend some time networking and making contacts with numerous doctoral and medical degree program administrators, and admissions personnel. There was also time to do a little sight seeing!

The trip to Washington D.C. was considered a success by all who attended. Productivity of Mount St. Mary's College students was well in evidence!

ASB News

Advice from the Advisor:

As the advisor to the Associated Student Body, I am always giving advice — some is followed, some is not. But I still give it... Here is some advice to the general student body: Get involved, now!

Research shows that involved students have higher GPAs, are more likely to graduate and are more satisfied with their college experiences than uninvolved students! It's not too late. There are a lot of things you can do to impact your college experience. Below is the top ten list of way to increase your I.Q. — that's your INVOLVEMENT QUOTIENT:

10. **Sign up for a committee** next semester and help plan social, recreational, service, academic and educational programs.
9. **Attend your class meetings** — senators don't hold them for their health, they hold them to find out what kinds of concerns you have and types of events you want to see at the Mount.
8. **Attend your class meetings** — all senators provide food at their meetings, often in very creative ways!
7. **Expand your horizons** by attending an evening of poetry at the Kiss and Tell Coffeehouses.
6. If not for the poetry and culture, **go to the Kiss and Tell Coffeehouses** for the great flavored coffee and trendy cheeses!
5. **Read** the Front Page, Chalon Student News and the bulletin boards located on fourth floor and the stairwell of the Humanities building. There is no excuse for not knowing what's going on - just check out the Little Theatre Foyer wall.
4. Graduate schools and employers want well-rounded, involved students so get involved to **fill out your resume**.
3. **Have your voice heard** - it's empowering! ASB members are involved in the College Strategic Plan and the Exec Board is meeting with the Administrative Council next semester.
2. **Be on the lookout** for info about a new Mount tradition — FAMILY DAY! All classes have a role in this fun-filled family day at the Mount. Mark your calendars: March 30!!!

And the number one way to get involved at the Mount is:
1. **Come to the Open House at the Student Activities Office in January** to find out more about getting involved in a student club or an ASB committee — and have a piece of cake to celebrate the new space on the first floor of the Humanities building!

Good luck on finals and hope to see you all in January!

Senior Accepted Into Peace Corps

Double congratulations to senior sociology/ English major, Therese Garcia. She has been accepted to the Oxford Program of Suny of Brockport and will spend her last semester studying abroad. In addition, Therese will be off to Africa after graduation to serve as a Peace Corps member for two years. Joining the Corps has been a lifelong goal for Therese and she looks forward to using the knowledge she has gained at the Mount to help others in the world. Acceptance into the Peace Corps is a rigorous and competitive experience but, once in, a student receives attractive benefits, including 80% payment of undergraduate student loans and significant financial aid for graduate school. We wish Therese the best of luck in her new endeavors and adventures!

Traffic Reminder

The Chalon campus brings extra traffic into a primarily residential area. Remember to be considerate when driving in the neighborhood. Our College policy requires that you take the Norman Place route when traveling to the College; when leaving campus, make a right turn only and travel down Bundy Drive. Please watch posted speed limits: **25** miles per hour on Norman; **30** miles per hour on Bundy.

Also, please remember to face traffic when jogging or walking on neighborhood streets. This will lessen the chances of your being hit by a driver who may veer to the side of the road.

Kiss & Tell Coffeehouse

Sponsored by the art department and ASB, the first **Kiss & Tell Coffeehouse** of the spring semester will be held on **Friday, January 26**, from 7:00 p.m. to 9:30 p.m., in the Chalon campus art gallery.

Join others in a coffeehouse evening of spoken word, poetry, and stories! Among those who will recite their works are Denise Duffield, Liz Gonzalez, Larry Hankin, and Paul Schwab.

Gourmet coffee, herbal tea, and snacks will be served. For more information, please call the art department at Chalon, (310) 471-9860.

Schwab's *Memento Mori* on Display

The works in *Memento Mori* are memorials about death that is personal and entirely human in scale. Touched early in life by the loss of close family members, Schwab's art is invariably an act of private rumination -- an intellectual and emotional chewing over what it means to be left behind.

Gallery hours are 12 p.m. to 5:00 p.m., Tuesday through Saturday. There is no charge for admission. For further information, please call the gallery at (310) 471-9584.

Mount Students Prepare for Service Around the World

Barely back from Beijing, junior Andrea Graybehl has departed for another adventure abroad. This time she left for Kenya where she will be doing service work with the Friends World Program during the spring semester. A double major in English and political science, and a minor in women's studies, Andrea will be teaching English and literacy to students in Kenya while earning college credit. She plans to return to MSMC for her senior year and, after graduating, will pursue both course studies and Peace Corps work.

Also preparing for service work abroad is Linda L. Nguyen, a senior biochemistry major, who has applied to the Jesuit Volunteer Corps. Postponing medical school, Linda hopes to spend the next few years getting experience in direct service to the poor by working with the Corps. Although she has not yet decided in which part of the world to be placed, she hopes to be part of a medical clinic or team. Linda has been active with Campus Minsitry during her years at MSMC. Her decision to take a few years off from the educational track to do service work has been deeply guided by her desire to serve God. The Mount wishes these two students the best of luck in all their endeavors!

International Forgiveness Week

In the spirit of **International Forgiveness Week, February 5-9**, we'd like to share a poem by George Roemisch:

FORGIVENESS

Forgiveness is the wind-blown bud which blooms in placid beauty at Verdun.

Forgiveness is the tiny slate-gray sparrow which has built its nest of twigs and string among the shards of glass upon the wall of shame.

Forgiveness is the child who laughs in merry ecstasy beneath the toothed fence that closes in Da Nang.

Forgiveness is the fragrance of the violet which still clings fast to the heel that crushed it.

Forgiveness is the broken dream which hides itself within the corner of the mind oft called forgetfulness so that it will not bring pain to the dreamer.

Forgiveness is the reed which stands up straight and green when nature's mighty rampage halts, full spent.

Forgiveness is a God who will not leave us after all we've done.

Submit items of interest to both Chalon and Doheny students to the public relations office, "MSMC Front Page," box 116.

***Deadline: Monday noon** for publication the following Friday (Chalon)/Monday (Doheny).*

Campus Ministry News

There will be **NO SUNDAY MASS** ON CAMPUS THIS SUNDAY, FEBRUARY 18, because of the three-day weekend. Mass will resume as usual at 6:00 pm, Sunday, February 25.

ASH WEDNESDAY IS THIS WEDNESDAY, FEBRUARY 21. Ash Wednesday marks the beginning of Lent, the 40 day penitential season in which Christians are invited to examine how well they are living as Christians, and to prepare to renew their baptismal vows at Easter. **Ash Wednesday Services** will take place at 7:30- 8:00 am **(prayer service with distribution of ashes)** and from 12 noon - 1:00 pm **(Mass with distribution of ashes).**

⇒ Mount students have a special opportunity as Lent begins to participate in an **On-Campus Retreat, from Sunday February 25 to Thursday, February 29.** The Sisters of St. Joseph of Carondelet from several parts of the country have offered to provide a retreat especially designed for busy college students. You will have the opportunity to meet each day for 30 minutes with your own spiritual director, and (if possible for you) with the entire group of retreatants at 7 pm each night for discussion and prayer. You need also to commit to praying and reading scripture on your own for 30 minutes each day. The cost is only $10. Sign up in the Campus Ministry Office!

Christians traditionally celebrate Lent in three ways: Fasting, Prayer and Almsgiving.

Fasting is asked of all Catholics on Ash Wednesday and Good Friday. Only one simple meal should be taken on these days, with nutritious snacks taken as needed. No meat is to be eaten on these days or on the Fridays of Lent. This is the basis of the idea of "giving up" something during Lent. Use Lent as a time to "discipline" those things which are interfering with your spiritual growth. You may need to "fast" from gossip, from over-busyness, from unkind comments, from cynicism, from television, from unhealthly foods, from cigarettes, alcohol or other drugs ... You decide!

Prayer is the heart of the Christian life, and we are asked in Lent to pay special attention to the quality of our prayer. This is a great time to decide to regularly participate in Mass, to spend a half hour a day in quiet prayer, to read scripture, to attend the faith-sharing group meetings.

Almsgiving refers to giving to the poor. Join other students in feeding the homeless on Sunday nights, in reading to children, in writing letters for political prisoners, in cleaning out your closet, in giving whatever you can wherever you can.

A NEWSLETTER FOR ALL MOUNT ST. MARY'S COLLEGE STUDENTS

Front Page will now feature a profile of a Mount "doer," a member of the Mount community who exemplifies the true spirit of the College. We begin this tradition by profiling the ASB president on each campus: senior Melissa Knecht, Chalon; sophomore Lucy Ramirez, Doheny.

Meet Melissa Knecht

Education: Having attended San Gabriel Elementary and Orangewood Academy, both Adventist schools, Melissa began her college education by attending Cal State Fullerton for one year as a political science major. She transferred to Mount San Antonio College in Walnut, where she completed her pre-nursing requirements, and spent a year studying in London before enrolling in the Mount's nursing program in 1993.

MSMC: "My MSMC experience has been wonderful," she says. "I have met lasting friends, and the education here has been of high standards." Admitting that the nursing program is "tough, but excellent," Melissa is able to maintain a high grade point average while juggling a part-time job and school activities.

Philosophy of grades: "I don't think grades are an exact indicator of a person's achievement in school," she says. Although she admits that grades are important to her, she believes that "society tends to associate grades with how knowledgeable a person is, which is not usually the case."

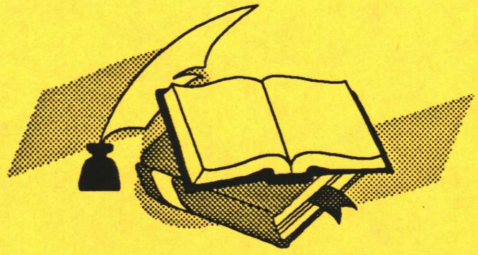

Ambitions: "I plan on becoming a traveling nurse. Hopefully, in three or four years I will go back to school and become a pediatric nurse practitioner, specializing in pediatric oncology." In addition to marriage and a family, Melissa looks forward to traveling and "living a comfortable life."

Favorite book: "I have so many favorites," she exclaims. "I would have to say *The Bridges of Madison County*."

Favorite music: Melissa likes alternative, hip hop, disco, and rap. "I pretty much like anything besides country," she says.

Hobbies: In addition to snow skiing, scuba diving, and attending Dodger games, shopping and talking on the phone are on her list of favorite pastimes.

Role Model: "My mom," she says. "She is a nurse. I know the difference she's made in people's lives and how much she is respected for it. She has helped me become who I am."

Meet Lucy Ramirez

Education: Lucy attended private institutions during her elementary school years. She graduated from Bell High School in Los Angeles, where she was involved in Future Teachers of America, and was a runner on the cross-country team. In addition to participating in school activities and making the grade, Lucy has managed to work full time since the age of 16!

MSMC: Lucy plans to transfer to the Chalon campus in the fall. "I want to stay within the same realm of private school environment from which I originated." She plans to major in liberal studies and minor in English.

Philosophy of grades: "A grade isn't for life -- it is just a tool. No matter what grade one receives, one has learned something that will be of benefit in the long run."

Ambitions: "After receiving my bachelor's, I plan to stay at the Mount and work toward a master's in psychology. My wish is to be financially secure so that I may be able to give back to my family."

Motivation to achieve: "Children. If we as a community start instilling values and morals in our children, they will grow up to be productive citizens. We need to start doing so when they are young, during the years when they are most impressionable."

Favorite book: "*The Giving Tree* is my all-time favorite," she says. "It is a children's book that deals with unconditional giving. It teaches that the more one gives, the more satisfaction one feels."

Favorite music: Although she likes all types of music, she says, "Right now I like House and Latin (Spanish) music."

Hobbies: Besides spending time with the children at the MSMC Child Development Center, Lucy enjoys "working out, writing, and sewing."

Role model: "My role models are my teachers, my sisters, and my mom. They have been there for me, even when I did not realize it. They provide me with knowledge that I put to use in my everyday life."

Exhibit Continues

Norman Schwab, former chair, art department, will display his artwork, *Memento Mori,* in the José Drudis-Biada Gallery until **April 4**. The show has been extended due to its overwhelming success.

The works in *Memento Mori* are memorials about death that is personal and entirely human in scale. Touched early in life by the loss of close family members, Schwab's art is invariably an act of private rumination -- an intellectual and emotional chewing over what it means to be left behind.

Gallery hours are 12 p.m. - 5 p.m., Tuesday through Saturday. There is no charge for admission. For further information, please call the gallery at ext. 584.

Office of Information Technology

Mount St. Mary's has hired a consulting firm, Comsul, to assist us in needs analysis and RFP development for our continuing technology upgrades (voice, data, and cabling). As part of this analysis, they will be conducting interviews and surveying existing telephones, cables, and computers on both campuses. We ask for your patience and cooperation at this time.

The following is a schedule of the Humanities (Chalon) computer lab student aide evening/weekend hours:

Monday	**9:00 p.m. - 11:00 p.m.**
Tuesday	**9:00 p.m. - 11:00 p.m.**
Wednesday	**8:00 p.m. - 11:00 p.m.**
Saturday	**11:00 a.m. - 2:00 p.m.**

The computer lab is open from 8:00 a.m. to 5:00 p.m., Monday through Friday, except holidays. For after-hours access, a key may be checked out at the Library with a valid student I.D.

Upcoming Speakers at The Mount

Dolores Huerta
March 7, 1996
7:00 pm
Little Theater, Chalon Campus
Sponsored by Latinas Unidas

"Giving kids clothes and food is one thing but it's much more important to teach them that other people besides themselves are important, and that the best thing they can do with their lives is to use them in the service of other people"

As a classroom teacher, Dolores Huerta became frustrated seeing the poverty and poor treatment of the farm workers' families in her town. After seven years of organizing voter registration drives, arguing for Spanish-speaking police officers and hospital workers, and doing other community work, she was recruited to join the newly formed United Farm Workers union in their efforts to improve working conditions for farm workers. For over 30 years, she has served the organization as its vice president, as the union's chief lobbyist in Sacramento and Washington, D.C., as a labor contract negotiator, and as a key political decision maker.

Dr. Blenda J. Wilson, President of California State University, Northridge, will serve as the 1996 Commencement speaker for Mount St. Mary's College on May 11, 1996.

Wilson, a strong supporter of affirmative action, is the former chancellor of the University of Michigan, Dearborn. She is a nationally known speaker on higher education policy issues who recently served as a member of the Wingspread Group on Higher Education which produced the landmark report, *An American Imperative: Higher Expectations for Higher Education.*

Since her appointment to Cal State Northridge, President Wilson has initiated a major strategic planning effort to revitalize the university and redefine its mission in response to the many challenges that face higher education in California and the nation. She has successfully led the university's recovery from the Northridge Earthquake of January 1994, which caused $350 million damage to the campus and delayed the beginning of classes for just two weeks. While the recovery continues, President Wilson's leadership during the crisis and subsequent rebuilding process have earned praise from the community and from educators and public officials around the country.

Dr. Blenda Wilson
President, Cal State Northridge
1996 MSMC Commencement Speaker
May 11, 1996

In an article in the Los Angeles Times on December 13, 1995, Wilson defended the need for affirmative action. If affirmative action has problems she said "We should fix it , but not abolish it. At the heart of my conviction about the importance of laws to ensure fairness and inclusion is my own life experience...My career, which has been rich, rewarding and successful by most standards, was made possible by the principles and spirit of affirmative action...Affirmative action enabled me to compete for opportunities which would previously have been closed to me."

A NEWSLETTER FOR MOUNT ST. MARY'S COLLEGE STUDENTS

Mount Achiever: Felicia Jones

Education: Felicia Jones '97 grew up in South Central Los Angeles and attended Parkman Junior High and Taft High School in Woodland Hills. She embarked on her college career at Cal State Long Beach, but was disqualified after her sophomore year for having "too much fun." After taking several courses at West L.A. College, Felicia took a job with the Weekend College and eventually enrolled in the school.

MSMC: "Weekend College gave me direction. Now I feel I found my calling," she says. An excellent student, Felicia feels the College "gave her a second chance at getting an education."

Motivation: "Being a black woman and succeeding as a black woman means a lot to me. Knowing the obstacles I have to face and have faced is what keeps me going," says Felicia. Determined to succeed, she says, "I have too much pride to be defeated!"

Goals: Felicia's goals include earning a master's in public administration and establishing a non-profit organization that focuses on the empowerment of the economically disadvantaged. "Most people don't even know how to tap into the available resources," she says. "I hope to change this by educating people through tutorial services, and empowering them through job training and community involvement."

Hobbies: In addition to working full time at the Weekend College, Felicia is the advisor to the African American Council of Women. In her spare time she serves as a Sunday school teacher and musical director of her church choir, and volunteers at Rebuild Crenshaw, a community-based organization formed after the L.A. riots, and the Crenshaw Community Development Corporation, a non-profit organization that seeks funding for grass-root business loans.

Favorite music: "Gospel -- because it keeps me in touch with my culture and motivates me."

Favorite book: "Transform Your Life" by Rev. Dr. Barbara King. It teaches that you can do anything if you believe it. It's a devotional that keeps me going every day."

Role model: "My mother. She is an overcomer. As a single parent with two children, she was determined to go to school."

Advice to others: "Be true to yourself, keep a passion about something. If you are true to yourself and your cause, you will succeed."

Siena Day '96

Actors from the London Stage will present "From the Page to the Stage -- a Unique Approach to Shakespeare" at 1 p.m. March 27 at Doheny as part of Siena Day '96. Activities begin at 11:30 a.m. on the North Lawn with a complimentary Elizabethan lunch and a mini-Renaissance Faire.

What is Siena Day?

The Mount has traditionally celebrated two all-College events each year, Horizon's Day in the fall semester at Chalon, and Siena Day in the spring semester at Doheny.

Siena Day draws its name from St. Catherine of Siena who was born in Siena, Italy, in 1347, and died in 1380. Since her canonization, Catholics celebrate the date of her death as her feast day. During her brief 33 years, she used her talents to help her large family, the poor and the sick of Siena, and those who came to her for advice and spiritual direction.

According to the late Sister Magdalen Coughlin, former president and chancellor of the Mount, and initiator of Siena Day, "Our Siena Day each spring is intended to highlight the importance of developing and using one's potential for one's own time -- but in a way that contributes positively to many -- and to all time."

CELEBRATING WOMEN'S HISTORY MONTH

Fannnie Lou Hamer & Ella Baker

Come to the
Women's History Fair
and learn more about
women in history!
Thursday, March 21, 1996
10:00 am
The Circle

Fannie Lou Hamer (1917-1977)
When she found out that African Americans had the right to vote under the U.S. Constitution, but had been denied that right by local laws and prejudiced officials, Hamer was outraged. For the next fifteen years she dedicated her life to organizing southern Blacks to claim their legal right to vote and be recognized as as significant force in national politics. She suffered beatings by the police, lost her job, and was forced to leave her home because of her belief in justice for all. In 1964, she led the Mississippi Freedom Democratic Party delegation to the Democratic Convention, forcing the party to reconsider the way in which women and minorities were represented within its state delegations.

Ella Baker (1903-1987)
Considered the single most influential woman in the Civil Rights Movement of the 1950s and '60s, Ella Jo Baker worked tirelessly for 50 years as a behind-the-scenes organizer, without concern for personal recognition or publicity. She was the Director of Branches for the NAACP for almost 20 years, and also helped form the Southern Christian Leadership Conference (SCLC), the Student Nonviolent Coordinating Committee (SNCC), and the Mississippi Freedom Democratic Party.

CELEBRATING WOMEN'S HISTORY MONTH

Elizabeth Cady Stanton (1815-1902)
Susan B. Anthony (1820-1906)

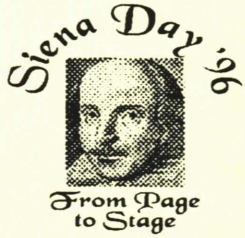

From the time she was a child, Stanton understood discrimination against women. In 1848, she was one of the organizers of the Seneca Falls Convention, the first mass meeting called to protest women's lack of rights in the U.S. At that historic meeting, she was the first to call for the right to vote for women. Susan Anthony, an active abolitionist and temperance worker, joined the women's rights cause in 1851. Over the remainder of their lifetimes, the two women worked together as a team for women suffrage and expanded rights. Stanton, at home tending her seven children, wrote the brilliant speeches fearlessly delivered by Anthony as she traveled the country coast-to-coast. Together they laid the groundwork and developed the ideas which were the cornerstone of the women's rights movement for over 50 years.

CELEBRATING WOMEN'S HISTORY MONTH

Mary Harris "Mother" Jones (1830-1930)

Formerly a teacher and seamstress, "Mother" Jones set out on a new career as a labor organizer at the age of 50. Primarily concerned with the plight of children working in the textile mills in the East and coal miners in the West, she spent the last 50 years of her life in a crusade to organize the workers, support strike efforts, and bring public attention to their cause. She traveled constantly, often living without a permanent home or income, moving from one industrial area to the next, wherever she was needed. She is most famous for leading miner's wives armed only with brooms and mops, to chase off strikebreakers in Colorado, and for organizing a march of Pennsylvania child mill workers all the way to President Roosevelt's home on Long Island in an effort to dramatize the evils of child labor.
